

Dear Regional Science Fair Participant and Family:

Congratulations! Getting to the Regional Fair is a major accomplishment. You have done well at your school science fair and you are coming to the Yukon/Stikine Regional Science Fair at Yukon College on Friday, March 1st and Saturday, March 2nd, 2019.

Friday, March 1st: Project set-up and registration takes place on Friday between 3:30 and 6:30 PM at the Yukon College Pit. To drop off your project, you can pull into the bus loop (see attached map) for a short time. Then please park in one of the parking lots nearby to allow others the convenience.

At registration you will receive your judging time and be assigned to either Group A or B. You must know what group you are in for judging and the science activity throughout the Saturday morning.

IMPORTANT: Each student must submit a signed Permission Slip (attached) to register.

Saturday, March 2nd: Project judging takes place in classrooms near the Pit and the student science activity takes place in The Pit. There will be signs inside the College. Please read the attached schedule carefully.

It is expected that students will stay beside their project during the public viewing session between 11:30 – 12:30 PM; except when they are judging the Student Choice Award. Bring a bag lunch or purchase food from the concession stand (cash only).

Parents and/or guardians are responsible for the supervision of your child throughout the day.

Sincerely,
Yukon Stikine Regional Science Fair Registration Team
