

Request for Teacher Delegates to the Canada Wide Science Fair (CWSF)

The organizing committee of the Yukon/Stikine Regional Science Fair is looking for educators who are interested in attending the Canada-Wide Science Fair (CWSF) as a delegate. The CWSF is a week-long event that showcases experiments, research, and innovation from students from grades 7 to 12. This year, the CWSF is taking place in Regina from May 14-20, 2017.

Being one of the two Teacher Delegates to the CWSF involves the following responsibilities:

- Assist with the Yukon/Stikine Regional Science Fair taking place on Saturday, February 18, 2017
- Assist student finalists with the preparation of their experiments leading up to, and during the CWSF
- Supervise and chaperone student finalists during the CWSF
- Attend meetings and represent the Yukon/Stikine as a regional delegate during the CWSF
- Assist with the organization of a science fair at your school the following year

Travel costs to the CWSF are covered by the Yukon/Stikine Science Fair, and all travel arrangements are made by the organizers. However, delegates will need to have the sub costs for their position (May 14 - 20) covered by their schools, therefore they will need the approval of their administrators in order to apply to be a delegate. Any questions regarding the sub costs can be forwarded to the organizing committee of the Yukon/Stikine Regional Science Fair (scienceadventures@yukoncollege.yk.ca).

If you are interested in being a delegate for the CWSF, please complete the following questions.

1. Why are you interested in being a delegate to the CWSF?
2. How do you plan to use your experience at the CWSF to assist your students and school?
3. Do you have any experiences with regional science fairs, or the CWSF? If so, please describe your experiences.
4. Yes, I have discussed the opportunity to be a delegate with my school administrator, and understand that the sub costs for the week (May 14 - 20) will be covered by my school. My administrator has approved my request to be a delegate to the CWSF.

Please complete and submit this form by Friday, February 3, 2017. A selection committee from the Yukon/Stikine Science Fair will then select a delegate, and potential delegates will be notified.
